

TAMARACK GROVE ENGINEERING (TGE) IS SEEKING NEW MEMBERS FOR OUR GROWING TEAM!

- Structural Engineer: Structural building design experience (wood or steel) preferred.
- Drafting/BIM Designer: Revit and structural drafting experience preferred

Why TGE?

- **OUR EXPERTISE**: Our team has completed over 16,400 projects in the Manufacturing, Commercial, Facilities, and Heavy Timber industries since our inception in 2007. We are licensed virtually everywhere in North America, so our footprint of projects is spread across the entire continent!
- **OUR CULTURE**: TGE is relationship-driven company where our team members collaborate with each other and with our clients and partners to make great projects come to life while delivering a unique client experience. Our founder instills in all of us that “We WIN as a TEAM...we LOSE as a TEAM!”
- **OUR PEOPLE**: We offer a fast-paced-yet-casual work environment where people feel more like family than co-workers. With an expert dad-jokester, a fire fighter, several gamers, extreme athletes, artisans, a pig farmer...and lots of bacon lovers, our “breakfast club” of team members come to work inspired by their own sense of purpose while striving to serve their colleagues and clients every day.
- **OUR WORK/LIFE BALANCE**: At TGE, we stress the importance of a healthy work/life balance. We charge hard during the workday, but we encourage our employees to get out of the office for lunch and to end their day at 5:00 p.m. so they can get out and make memories!
- **OUR VALUES**: Each month we recognize and reward team members who have best represented our six core values: Relationships, Servant Leadership, Respect, Joy, Integrity, and Go Beyond. We believe in the Golden Rule, we honor our commitments, and we understand that trust must be built through integrity and action.
- **OUR REWARDS**: TGE offers very competitive salaries, a top-notch benefits package, quarterly bonuses, and many company outings, retreats, and fun play days throughout the year.

You can apply through our website at www.tamarackgrove.com, or contact our HR Manager, Celeste Sweet, at celeste.sweet@tamarackgrove.com.
