## Install ChemDraw on a Windows Computer

!!Make sure you are on campus, either wired network or on MSU Secure Wi-Fi!!

## Please contact CLS IT at x5551 or <u>clsithelp@montana.edu</u> with any questions.

1. Open Windows Explorer and navigate to <u>\\blackmore.msu.montana.edu</u>

2. Find the folder named "clsit-apps", open that folder and the "Software" folder.

|   | blackmore.msu.mon | ntana.edu >   |
|---|-------------------|---------------|
|   | Î ↑↓ Sort ~       | 8= View ~ ••• |
|   | e                 | cls-dean      |
| ล | nain-office       | clsit-apps    |

- 3. Navigate to the ChemDraw folder.
- 4. Open the "ChemDraw Activation Code" text document.
  - a. You will need this code to activate ChemDraw when first opening.
- 5. Open the Windows folder for the install file. Double click and run.
  - a. This can take some time to open, it is about 1.3GB.
  - b. The install will extract temp files onto your computer.
- 6. Accept Defaults or customize as needed for each page. Click "Finish" when done.
- 7. Launch ChemDraw.

Licensing

8. A new window will open like below, click "Activation Code" for licensing.

|    | -   |  |  |  |  |  |
|----|---|--|--|--|--|--|
|    | This product can be licensed in different ways. Choose an option:   |  |  |  |  |  |
|    | <ul> <li>Signals account<br/>Use this option if you have a Signals account that includes a license<br/>for Signals ChemDraw.</li> </ul>                                   |  |  |  |  |  |
|    | <ul> <li>Activation code</li> <li>Use this option if you have been given an activation code. The<br/>activation code will look similar to ABCD-EFGH-IJKL-MNOP.</li> </ul> |  |  |  |  |  |
|    | ○ Free trial (10 launches remaining)  |  |  |  |  |  |
| a. | Continue Quit   |  |  |  |  |  |

9. Fill out your Name, Email and paste the Activation Code from the text

| docun   | hent you opene   | ed earlie    | r.         |       |        |          |        |  |  |
