Dear Sue,

I am pleased to recognize October 2012 as "Information Literacy Awareness Month" in the State of Montana.

Information literacy is an essential educational tool for Montanans. The ability to search, find and analyze various forms of information is necessary for the lifelong learning demanded by today's challenging economic environment. The success of Montana's citizens at home, at school, at work and as part of a healthy community depends on it.

I encourage Montanans to acknowledge October 2012 as "Information Literacy Awareness Month".

Sincerely,

A handwritten signature in blue ink, appearing to be the initials "BS" followed by a long horizontal stroke.
