

# Supervision Methods for School Counselors

Hosted by:  
Rural Mental Health  
Preparation/Practice  
Pathway (RMHP3) Grant

**Completely Free!**  
**September 30<sup>th</sup>, 2021**  
**From 4 PM to 8 PM**

## Training Objectives:

1. Describe and co-construct the professional identity of a school counselor.
2. Evaluate and negotiate professional (ASCA), supervisor, and supervisee expectations and responsibilities.
3. Produce supervision contracts and agreements.
4. Identify the necessary steps for role induction, including the complex and shifting roles School Counselors navigate as administrators, educators, and mental health professionals.
5. Recognize, discuss, and weigh ethical considerations in school counseling supervision.
6. Understand the benefits and drawbacks of supervision delivery methods (recording, in vivo, and self-report).

## Where: Live via Zoom
