Contact: Dr. Hayes Goosey, 406.994.5688, [hgoosey@montana.edu](mailto:hgoosey@montana.edu)

Pay rate: \$15-\$18 per hour, DOE

Employment Period: May 16 – August 24, 2022.

Job Description: Employment is part of the MSU Forages Research Lab and Extension program. No previous experience needed and all students who enjoy working outdoors and with interests in agronomy, entomology, plant science, soil science, and animal agriculture are encouraged to apply. Duties will include assisting in the maintenance of the MSU Forage Research Center which includes: 1) forage seeding, harvest, and quality processing, 2) monitoring weed and insect populations, 3) collecting and processing soils samples, 4) assisting with Extension and outreach activities. Periodic travel will be required with all travel costs covered by the MSU Forages Lab.
