Applications are being accepted from the general public for the following position:

Temporary, full-time position. Employees will work during summer months, mid-May to August/September 2023. Interviews will begin March 6th. **Please submit applications before March 3th.** After March 3rd, please call the number above to inquire about potential vacancies.

QUALIFICATIONS: Applicants for this position must have a high school education. Secondary course work and/or experience in Biological Sciences is preferred but is not required. A valid Driver's License and background check are required.

DUTIES: Duties may include placing and servicing insect traps, collecting insects with nets and by hand, visually surveying for grasshoppers and other pests, and possible application of pesticides for grasshopper suppression activities. Maintaining and submitting accurate records is a must. Data will be gathered with handheld devices and on paper. A majority of the work involves **frequent** extended overnight travel away from Billings/Helena (Mon. - Thurs.) While in official travel status, a government vehicle will be provided, hotel expenses are paid by employer, and meals will be reimbursed. Most of the duties require working independently, without direct supervision, often in rural areas.

TO APPLY: Applicants must submit a resume or OF 612 (*Optional Application for Federal Employment*), and a copy of school transcripts if applicable. **Please indicate on your resume if you are applying for a position in Billings, Helena, or either.**

Mail or email your completed resume or OF 612 to the contact office listed above. Be sure to include your e-mail address. Call if you have questions.

All males born after December 31, 1959, must be registered with the Selective Service Board. Applicants selected for Federal positions will be required to complete a background information form before entering on duty.
