

Seeds For The Future

Seeds for Agriculture and Restoration Research Experiences

-2023 Summer Internships in Applied Seed Microbiology

PROGRAM DATES

10-week internship – 5/23/2023 to 7/28/2023

PROGRAM PROVIDES

Stipend (\$5000 for 10-wks)

Campus housing

Food allowance

PROGRAM LOCATIONS

Moscow Idaho, University of Idaho

Spokane Washington, Gonzaga University

WHO SHOULD APPLY

-All undergraduate students interested in exploring the applications of seed microbiology to regional agriculture and habitat restoration in the Inland Northwest.

-Members of minorities underrepresented in science, undergraduates from small colleges, and first-generation college students.

-Applicants must be United States citizens or permanent residents and at least 18 years old.

Application Deadline is February 12, 2023

Experience Fascinating Projects

- exploring beneficial and pathogenic seed microbes.
- discovering tools to improve seeding establishment and habitat restoration.
