15. Check the type of housing you will need this summer:

- Family Housing (will bring spouse and/or children) *
- Dorms (will come alone)
- Off campus (will take care of own housing off campus)

NOTE: Applicants accepted to the Bridges Program who request Family Housing are required to submit an online housing application to the MSU Office of Family and Graduate Housing. **The Bridges Program will pay the \$100 Family Housing application fee for all accepted Bridges students.** Information on Family Housing policies and the online application can be found at <http://www.montana.edu/fgh/> PHONE: 406-994-3730. All students residing in Family Housing who are guardians of minors (children under 18 yrs. old) must provide proof of legal guardianship to the Office of Family and Graduate Housing prior to moving into units.

16. MSU REQUIRED SAFETY & SECURITY INFORMATION (All applicants must complete this section.)

A. Have you ever been convicted of a **felony** (please include instances of deferred sentencing)?

- Yes No

A felony in Montana State law is defined as a crime for which more than one year in prison may be imposed.

B. Have you ever been subjected to court-ordered confinement for threatening or causing physical or emotional injury to persons or property? Yes No

C. Have you ever been disciplined, suspended from, or placed on probation at any educational institution for nonacademic reasons? Yes No

Suspension is defined as a sanction imposed for disciplinary reasons that results in a student leaving school for a specified time period. Dismissal from a college for disciplinary reasons is defined as permanent separation from an institution of higher education on the basis of conduct or behavior.

D. Have you ever been required to register as a sexual or violent offender? Yes No

NOTE: Answering "Yes" to any of these questions will not automatically prevent admission, but you will be asked by the university to provide additional information. This information will be reviewed by a campus committee to ensure campus safety. Any falsification or omission of data may result in a denial of admission or dismissal.

- Psychology/Behavioral Health www.montana.edu/psychology/
- Community Health
- Food and Nutrition
- Health and Human Performance
<http://catalog.montana.edu/undergraduate/education-health-human-development/health-human-development/#undergraduatetext>
- Other (Please list): _____

NOTE: Although the Bridges Program tries to place Bridges applicants in research laboratories and research projects that align with students' stated interest areas, it is not always possible to find an exact project match for every student's stated interest(s). Applicants should understand that no matter which research laboratory they are assigned, all laboratory experience provided through the Bridges program is designed to provide important skills and help prepare students for successful transfer into biomedical, health sciences, and behavioral science fields.

18. Using a separate sheet(s) of 8.5 X 11 paper, please **type a personal essay of 500 to 750 words**. Describe your academic and career interests, your future goals, and why you want to participate in the Bridges program and an intensive laboratory research internship. Describe your interest in pursuing a future career in biomedical, health sciences, and/or behavioral health fields. Please include your academic, professional, and/or voluntary experience, as well as personal achievements, and describe how these relate to your goals. **Only typed essays of 500-750 words will be accepted.**
19. Submit **two (2)** recommendation letters completed by 1) your college's Bridges Program Coordinator and/or 2) a college faculty member or academic counselor. The two recommendation letters must be typed and signed by your Recommenders. The letters should be submitted to the Bridges program by your Recommenders, via email or postal mail.
20. Submit transcripts from **all** colleges you have attended, through fall semester 2020.
21. Please meet with your college's Bridges Program Coordinator before submitting your completed application to discuss the Bridges program and program expectations.
22. Your complete application packet must be received by the MSU Bridges Program office by **FEBRUARY 26, 2021**. All accepted applicants are required to arrive for the first day of the Bridges Program at MSU-Bozeman on MAY 8. **To submit your application via postal mail, please send to:**

Montana State University
PO Box 173820
Bozeman, MT 59717-3820
ATTN: Bridges Program

If you prefer to scan/email a PDF of your application, please send it to: amy.stix@montana.edu

23. Please call 406-994-5567 or email Bridges Program Director Amy Stix (amy.stix@montana.edu) if you have any questions about the application process or need assistance.

*The National Institutes of Health (NIH) <https://www.nih.gov/> funds the MSU Bridges Program and is dedicated to enhancing the representation of individuals underrepresented in the biomedical and health related sciences, and to supporting an inclusive and diverse workforce in these fields. MSU and NIH will periodically track the progression of Bridges students after they complete the eight-week summer research internship, and during students' academic and professional careers, to track progress toward the above stated goals. Thus, all students who participate in the eight-week summer Bridges program will be requested to sign a consent waiver allowing the Bridges Program and NIH to 1) track students' academic and professional career paths and 2) periodically request updates regarding students' academic/professional careers.
