

Meet the Keynote Speaker:

JUSTIN WUTZKE

Deputy National President

Junior Chamber International — USA

When asked about what he does for a living, Justin tells people “I make ideas become a reality.” A graduate of Montana State University’s graphic arts program, Justin has spent his career creating unique pieces that tell a story in a beautiful and often unexpected way. His eye for the extraordinary supports his professional endeavors as the Owner/Creative Director of WUTZpossible.

Justin's passion for service to humanity and leadership development began back when he joined the Providence 4-H Club in Northern California where he raised pigs for his annual project. Justin remained in the 4-H for five years until he began high school and transitioned into the Future Farmers of America (FFA) where he joined the Parli-Pro Team. His beginnings in 4-H and the FFA are what launched his extensive Jaycee career! He began his work with the Jaycees as one of the founding members of the Billings Jaycees in 2009. Already a vibrant and energetic professional within the community, he saw the need for new opportunities, networking and mentorship for young professionals in his community. Living by the motto “Make Your Own Luck,” Justin served as the Billings Jaycees Marketing VP and Membership VP

(2009-2010), Billings Jaycees President (2011), Montana Jaycees Secretary/Newsletter Editor (2012), Montana Jaycees President (2013), Montana Jaycees Chairman of the Board and JCI USA National Program Manager for Shoot for Success (2014), JCI USA National Vice President (2015), JCI USA Chief of Staff (2016), JCI USA Advocacy Coordinator (Nothing But Nets) and JCI USA Presidential Assistant (2017), the JCI USA Membership Development Director (2018) and now the first ever Deputy National President of JCI USA. Throughout these roles, Justin has created, overseen and collaborated with committees—from his own local chapter to chapters in states across our great country—to make successful community projects for our members to learn, develop and grow.

When not on the job or engaging with the community, Justin enjoys getting out for a nice hike or a bike ride on the local trails in the Rocky Mountains. Everywhere he goes, you’ll most likely see his French Bulldog, Gary, following his every footstep. He also loves a good night out with friends and has been known to bring down the house with his wicked karaoke chops. Justin is forever grateful for the love and support he continually receives from his family, friends and members of the Jaycees organization. They are truly the driving force behind his passion to lead and provide development opportunities that empower young people to create positive change. Justin believes anything is possible as long as you put in some effort and do what you can to make it happen and that the Jaycees organization is a catalyst to do exactly that!
