What is 4-H ?

4-H is the youth development program of MSU Extension and the largest out-of-school youth program in the state and nation. The mission of 4-H is to prepare youth for living in a global, ever changing world, as competent contributing adults. 4-H provides learning and leadership experiences paired with caring adults. Youth engage in educational experiences where they build life skills such as decision making, goal setting, communication, leadership and responsibility. These skills play a vital role in helping youth achieve success throughout their lives.
