

Online Course Information: This online course is a self-paced, self-study format with modules on the role of Extension Master Gardeners, binomial nomenclature, fertility, plant nutrients (more emphasis on micronutrients and microorganisms), plant growth, plant development, entomology, plant diseases, abiotic disorders, integrated pest management (fruit, vegetable, tree, shrubs, and lawn), propagation and season extension. Each module contains a presentation video, class notes, study guides and handouts (if applicable).

The course includes hands-on activities to help users familiarize themselves with the topics discussed in the presentations, as well as quizzes that must be completed after each module has been studied.

A Montana Master Gardener certification will be issued to the user upon completion of this course with a passing final grade of 80% or higher and when 30 volunteer service hours have been achieved. Users have one year from course completion to obtain the required volunteer hours.

Students are welcome to contact Rose Malisani, MSU Cascade County Extension Agent at (406) 454-6980 or rose.malisani@montana.edu during the course for assistance.
