Project Learning Tree (PLT) is an award-winning environmental education program that uses the forest as a 'window on the world' to understand our complex environment, to stimulate critical thinking and to make informed decisions.

Benefits Include:

- The new k-8 PLT Guide with ready-made Environmental Education lessons to help students learn about their outdoor surroundings.
- Meets National and Montana curriculum standards
- Includes background info & lessons
- Reduces teaching prep time
- 6 OPI credits available

No Fee: A grant from Montana Tree Farm provides PLT activity guides, lunch, and materials!
