			<b>Total \$ -</b>
(Shipping costs will be covered through Integrated Weed Control as part of group order)			

Biocontrols will be ordered through Integrated Weed Control of Bozeman, MT (1-888-319-1632, [iwc@integratedweedcontrol.com](mailto:iwc@integratedweedcontrol.com)), and shipped to the Glacier County Extension office and distributed upon arrival. The Extension Office simply serves as a coordinator for the order.

Biocontrols are one tool in the toolbox for managing knapweed, it is encouraged to use an integrated weed management control program. Biocontrols should be released in areas with a dense infestation of knapweed.

**Make check payable to Glacier County Extension Office**  
**All orders must be pre-paid**
