4-H AND COUNTY FAIR OBJECTIVES

Participation in county fairs is an opportunity and privilege for 4-H members. If 4-Hers choose to participate, they are in effect asking for an adult to give his or her opinion regarding the quality of their exhibit or participation. Having asked for this opinion, they should accept it gracefully and learn from it.

County Fair Objectives

County fairs provide opportunities for 4-Hers to:

- 1. Show what they have learned and accomplished in 4-H to the public.
- Develop project skills.
- 3. Develop responsibility and self-confidence.
- 4. Gain knowledge, counsel and encouragement from judges and others.
- 5. Develop leadership skills by assuming fair responsibilities and working together with others.
- 6. Learn new and better methods.
- 7. Compare their work with a "standard" and with other 4-Hers.
- Receive recognition and learn the importance of being both a good winner and a good loser.
- Share ideas and make friends with other 4-H members.

Objectives of Extension 4-H Youth Program

- 1. To help youth develop knowledge and practical skills in science and technology.
- To stimulate the personal growth and physical, mental and behavioral development of youth.
- To help youth become responsible citizens.
- To develop effective adult and youth leadership.

4-H Member Objectives

- 1. Provide opportunities for self-growth.
- 2. Develop interpersonal communication and cooperation skills.
- 3. Encourage creativity.
- Develop reasoning skills.
 Become sensitive to one's environment.
- Encourage participation in community service activities.
- Make learning fun.

The U.S. Department of Agriculture (USDA), Montana State University and the Montana State University Extension prohibit discrimination in all of their programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital and family status. Issued in furtherance of cooperative extension work in agriculture and home economics, acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture, Cody Stone, Interim Director of Extension, Montana State University, Bozeman, MT 59717.

MARIAS FAIR 4-H RULE EXCEPTION AND GRIEVANCE PROCEDURE

Rule Exception

To request a rule exception relating to the Marias Fair, please request a Rule Exception Form from your local Extension office. This form is to be prepared and presented to the relevant committee 30 (thirty) days before the activity takes place. The committee will then determine if the rule exception is to be granted.

Request for Alternate Project Interview (required)

If a member is unable to attend interview judging day due to a conflict <u>beyond their control</u>, the member may fill out a Request for Alternate Interview Form from his/her local Extension office. Approval of the request will be at the discretion of the county/reservation 4-H agent. See the agent letter in your May fair packet for details and deadlines.

Grievance Procedure

To resolve issues and answer questions about concerns related to some action during the Marias Fair, exhibitors are urged to follow and utilize the following normal chain of command. An attempt will be made at each level of this Grievance Procedure to resolve the issue. The written Statement of Grievance is to be used as the appeal of final resort for the Fair exhibitor.

All concerns are simpler to address shortly after they occur, so please report an incident as soon as possible and no later than seven (7) days after the occurrence. The goal of this Procedure is to resolve issues as soon as they occur and at the 4-H leader or superintendent level. It is also a goal of this Procedure to protect the privacy of the individual(s); therefore, involving only the necessary parties in the issue will simplify the investigation and documentation.

- 1. Member contacts their local 4-H project or organizational leader.
- Member and/or leader contacts the building or department superintendent.
- 3. Member and/or leader contacts the local Extension agent.
- 4. Member and/or leader and/or local Extension agent contacts the Extension agent responsible for the Marias Fair committee or department affected.
- 5. Member requests a Grievance Committee Hearing. A written Statement of Grievance shall be filed with the Extension agent in charge of the affected committee or fair DEPARTMENT by the party grieving the process or decision. This party would be the 4-H member who was affected by the process or decision. The statement should include the following information at a minimum. The extension agent will then forward the grievance to the Grievance Committee.
 - a. The date of the incident.
 - b. The name of the person filing the grievance.
 - c. A complete statement describing the incident including all facts upon which the complaint is based.
 - d. Any rules, regulations, policies or procedures that have been violated, if any.
 - e. List of the names and addresses (preferably with phone numbers) if possible, of people who were involved in the incident and their role in the incident.
 - f. Signature(s) of those submitting the grievance.
 - g. A filing fee of fifty dollars (\$50) will be payable to the affected Fair committee, which will be refunded if the committee is in agreement with the grievance. Funds not returned shall be earmarked for awards.
- 6. If the issue is not resolved to the member's satisfaction, they may send the grievance on to the Montana State 4-H office. State 4-H office determination is final.

The Grievance Committee will be made of Extension agents from Glacier, Liberty, Pondera and Toole Counties and the Blackfeet Reservation. Each county or reservation will have one vote in the Grievance Committee. The chairman of the affected Marias Fair DEPARTMENT or committee will also be on Grievance Committee in an advisory role.

The grievance committee will:

- 1. Narrow and define the issues related to the incident.
- 2. Gather information related to the incident which may include:
 - Identifying and obtaining input from people
 - Reviewing documents
 - Other processes deemed necessary by the committee
- Prepare recommendations for the resolution of the grievance. The recommendations will be non-binding and no testimony used by the grievance process may be used for other purposes.
- 4. Every effort will be made by the committee to resolve the grievance within 30 days.

DOG DEPARTMENT

Best of Show Trophy and Best of Class Exhibit

Project Interview (required)

A registration fee of \$5.00 will be charged for each 4-H member that has a dog to show at the Saturday show. Fees will be paid when submitting registration forms prior to fair. 4-H Dog member not participating in the dog show will not pay a registration fee.

- Dogs must be in good health and current certificate of vaccinations must be furnished with Fair Entries. (No Vaccination, No Show, No Exceptions)
- 2) The Marias Fair 4-H Dog Show is a 4-H Show. Modified AKC scoring rules will be used for the judging; all domestic dogs are eligible; wolf and wolf hybrids are not permitted. AKC registration is not necessary. Dogs must be 6 months of age by the date of the show in order to participate. Dogs must be owned either by the exhibitor or the exhibitor's immediate family. Lessons, instruction, and advice are encouraged as long as the participant handles the dog the majority of the time; however, the project dog cannot be trained by or participate in any other show or event where the fair exhibitor is not the handler.
- Obedience Training and Showmanship require an animal and will be judged on Saturday at 8:00 a.m.
 Dog showmen should be present by 7:45 a.m. to pick up numbers.
- All other dog activities (educational exhibits and/or other project related items) will be interview judged on Wednesday in the Exhibit Building.
- 5) To encourage additional educational exhibits and other related project items, there are two awards: High Point Dog Exhibit Award: points based on interview and lots 100-101 and Overall High Point

- Dog Project Awards: Based on all premium points in dog, including interview, exhibits, show and other project related items.
- 6) Dogs shall be shown using the appropriate equipment. The Ag Committee recommends a chain training collar and 6-foot nylon or leather leash for all obedience classes. A fine chain slip collar and clip leash or martingale type lead is recommended for showmanship. A complete list is outlined by the dog resource handbook.
- All dogs and handlers will be judged individually against a standard. Sits and downs will be done by group examination.
- 8) Injured dogs and female dogs in season will not be allowed to participate. (When in doubt, please see an Ag Committee Member.)
- 9) Judges reserve the right to remove a dog from ring competition due to health or behavioral concerns. Pre-Juniors are encouraged to bring a dog of appropriate size. Uncontrolled behavior of the dog such as barking, running away from its handler and unsportsmanlike conduct of the handler can be penalized based on the seriousness of the behavior, whether it occurs in the show ring or outside the ring
- 10) ANY dog exhibiting unsafe or threatening behavior at any time before during or after exhibition MUST be removed from the Fairgrounds.
- 11) Competing dogs must be on a leash at all times except as required otherwise by the Official Judge during the judging. Non-competing dogs must be on a leash at all times during the judging and kept clear of the ring.
- 12) Score sheets will be returned to exhibitors by their respective extension office.
- 13) Exhibitors who have previously shown are eligible to enter more than one dog if not at the same level. Example: Enter one dog in Sub-Novice and enter one dog in Novice.
- 14) Exhibitors will be allowed to use bait only in showmanship.

- 16) Handler and dog teams who are awarded top awards in their class AND have successfully completed all exercises must move up into the next level.
- 17) Judges' decisions are final. Any concerns or comments can be submitted in writing to any member of the Ag Committee, or your local extension office and it will be addressed at the next Ag Committee meeting
