Developing Sustainable Habits for Success: A Self-Care Workshop for Graduate Students - November 4, Jabs 315

Too often, self-care ends up at the bottom of our to-do list if it makes the list at all. The Graduate Student Network teams with Health Educator Marie Nelson (MSU Office of Health Advancement) to present an interactive self-care workshop for graduate students from 3-4 pm on November 4, 2016 in Jabs 315.

Ms. Nelson will lead an interactive discussion on the idea of self-care as a sustainable habit instead of a rare indulgence. Learn the importance of prioritizing self-care, grab a self-care kit, and create your own personalized self-care plan.

Ms. Nelson received an M.S. in community health from MSU so she's familiar with graduate student life on campus. This is a great chance to take some time for yourself, brainstorm ways to reduce stress and rejuvenate, and network with other graduate students.
