### Registration for the 2016 Graduate Student Summit & Research Rendezvous Continues!

Early registration is going well and the buzz is growing on campus! Taking place on September 14 and 15, the Summit & Rendezvous are a great chance to gain professional tools to complement your education and research experience. Workshops, camaraderie, free food and more! Only 40 spaces are available for students to participate in the Research Rendezvous so don't miss your chance to present your research, receive feedback from judges and compete for prizes. Please join us for sessions as your schedule allows.

**Graduation Application Deadline** — September 20, 2016

Students intending to graduate in Fall 2016 must “apply to graduate” by submitting the [Graduation Application form](#). This informs The Graduate School that you aim to finish your degree by the end of the semester. Once the form is submitted, Graduate School staff will conduct a “first audit” to verify that the program of study has been followed and that all degree or certificate requirements are on track for completion. This first audit is to allow ample time to correct any deficiencies and take any actions that might be required.

A one-time \$30.00 commencement fee is charged to the student’s account the first time they apply to graduate. A \$20.00 audit fee is charged to the student’s account each term an application is submitted.
