Professional Development Activities for Graduate Students

May 15: Office of Science Graduate Student Research program deadline 5:00 pm Eastern Time

The Department of Energy's Office of Science is now accepting applications for the Office of Science Graduate Student Research (SCGSR) program (**2018 Solicitation 1**). The SCGSR program provides doctoral dissertation/thesis research opportunities for graduate students at DOE national laboratories. Details about the program and online application can be found at <https://science.energy.gov/wdts/scgsr/>.

College of Education, Health & Human Development Grant-Writing Graduate Course

Tuesdays 1 – 5 pm, May 15 – June 19

Do you need funds to effectively complete your research or project? EHHD is offering a grant-writing course where you will learn to create your plan, identify funders and compose your proposal. Graduate students may register for EDU 591 Special Topics: Grant-Writing. Email ebird@montana.edu with questions.

Department of Microbiology & Immunology Scientific Proposal Writing Course (MB591)

Tuesdays and Thursdays 9:00 AM – 12:00 PM, July 31st – August 30th

In today's highly competitive funding climate, research scientists and engineers must be skilled grant writers. The goal of this course is to provide doctoral students

with strategies, practical skills, and experience in seeking funding for their research as well as writing and evaluating scientific proposals. The student should leave this course with a research proposal that is ready or near-ready for submission to an identified funding agency. Instructors: Dr. Blake Wiedenheft and Dr. Eric Boyd
Email Ileana.yatesjohnson@montana.edu to sign up or ask questions.
