

# **Ioannis Roudas**

Professor, Gilhousen Telecommunications Chair  
Montana State University  
Electrical & Computer Engineering

Office: (406) 994-5960  
E-mail: [ioannis.roudas@montana.edu](mailto:ioannis.roudas@montana.edu)  
<http://www.montana.edu/iroudas>

## Education

1991-1995	<b>Ecole Nationale Supérieure des Télécommunications</b> , Paris, France <i>Ph.D. in Optical Communications</i> (Graduated with highest honors)
1990-1991	<b>Ecole Nationale Supérieure des Télécommunications</b> , Paris, France <i>M.Sc. in Components and Devices of Optical &amp; Microwave Communications</i>
1988-1990	<b>University of Athens</b> , Athens, Greece <i>M.Sc. in Electronics and Radio-engineering</i>
1984-1988	<b>University of Athens</b> , Athens, Greece <i>B.Sc. in Physics</i> (Graduated with highest honors)

## Employment

2016-present	<b>Montana State University</b> , Bozeman, MT <i>Professor, Gilhousen Telecommunications Chair</i> Department of Electrical and Computer Engineering
2011-2016	<b>Corning Inc.</b> , Corning, NY <i>Research Associate</i> Optical Physics and Transmission Technologies Department
2003-2011	<b>University of Patras</b> , Patras, Greece <i>Associate Professor of Optical Communications</i> Department of Electrical and Computer Engineering
1999-2002	<b>Corning Inc.</b> , Somerset, NJ <i>Senior Research Scientist</i> Photonic Modeling and Process Engineering Department
1995-1998	<b>Bell Communications Research (Bellcore)</b> , Red Bank, NJ <i>Technical Staff Member</i> Optical Networking Research Department

## Visiting Positions

7/05-3/11	<b>Corning Inc.</b> , Corning, NY <i>Visiting Scholar</i> Optical Physics Department (7/10-9/10, 7/05-9/05, 7/10-3/11) Modeling and Simulation Department (7/08-9/08, 7/07-9/07, 7/06-2/07)
7/09-9/09	<b>City University of New York</b> , College of Staten Island, Staten Island, NY <i>Adjunct Associate Professor</i> Department of Engineering Science and Physics
9/09-7/10	<b>Hellenic Open University</b> , Patras, Greece <i>Adjunct Associate Professor</i> School of Science and Technology, Computer Science Department
1996-1998	<b>Columbia University</b> , New York, NY <i>Adjunct Assistant Professor</i> Department of Electrical Engineering

## Teaching Experience

2016-present

**Montana State University**, Bozeman, MT  
*Professor, Gilhousen Telecommunications Chair*  
Department of Electrical and Computer Engineering

Undergraduate course EELE 445: Telecommunications Systems (Sp17-23).  
Undergraduate course EELE 448: Optical Communications Systems (Sp18-23)  
Undergraduate course EELE 447: Mobile Wireless Communications (Fa20, Fa22)  
Undergraduate course EELE 482: Introduction to Electro-Optics (Fa19).  
Undergraduate course EELE 491: Special Topics: Optical Communications (Fa17).

Graduate course EELE 543: Advanced Telecom Systems (Fa21)  
Graduate course EELE 548: Optical Communications Systems (Sp19-23).  
Graduate course EELE 541: Advanced Communication Theory (Fa18).

Supervision of 1 post-doc, 3 Ph.D./4 M.S./1 B.S. theses, 3 Capstone, and 2 REU projects (Fa16-present)

2003-2011

**University of Patras**, Patras, Greece  
*Associate Professor of Optical Communications*  
Department of Electrical and Computer Engineering

Undergraduate course EE 22Y601: Electromagnetic fields II (Sp04-09).  
Graduate course EE 22A001: Optical communications (Sp04-11).  
Graduate course EE 22Γ909: Optoelectronics (Fa04-10, Sp11).  
Supervision of 5 Ph.D. theses and over 15 B.Sc. theses

9/09-7/10

**Hellenic Open University**, Patras, Greece  
*Adjunct Associate Professor*  
School of Science and Technology  
Computer Science Department  
Undergraduate course PLI 36: Modern Networks and Services

7/09

**City University of New York**, College of Staten Island, Staten Island, NY  
*Adjunct Associate Professor*  
Department of Engineering Science and Physics  
Summer undergraduate course PHY 114: Introduction to Physics

1996-1998

**Columbia University**, New York, NY  
*Adjunct Assistant Professor*  
Department of Electrical Engineering  
Graduate course EE E6413: Lightwave systems (Fa97, 98)  
Co-supervision of one Ph.D. thesis (1996-98) & one M.Sc. thesis (1997-98)

1/95-8/95

**University of Athens**, Athens, Greece  
*Visiting Researcher*  
Department of Informatics  
Co-supervision of one M.Sc. thesis.

1991-1994

**Ecole Nationale Supérieure des Télécommunications**, Paris, France  
*Teaching Assistant*  
Co-supervision of two BS theses, undergraduate projects & lab work.

### Awards

2020	Charles Kao best paper award WOCC'20
2011-2016	Various monetary awards, Corning Inc.
2005	Corning award for the OSMOSIS project
2001	Corning outstanding paper award
2001	Corning award for the design of a coherent polarimeter
1999	Corning award for the development of the MetroCor™ fiber
1998	Bellcore CEO Award
1998	Bellcore award for the PCAD project
1997	Bellcore award for the MONET project

### Scholarships

1991-1995	Ecole Nationale Supérieure des Télécommunications, Paris, France
1990-1991	North Atlantic Treaty Organization (NATO)/Greek government
1989-1990	State Scholarships Foundation, Greece

## Publications

### Books

- [1] N. Antoniades, G. Ellinas, and I. Roudas, Eds., *WDM systems and networks: Modeling, simulation, design and engineering*, Springer, 2012 (ISBN 978-1-4614-1092-8).

### Book Chapters

- [1] I. Roudas, "Coherent optical communications systems," Ch. 10, in *WDM systems and networks: Modeling, simulation, design and engineering*, N. Antoniades, G. Ellinas, and I. Roudas, Eds., Springer, 2012 (ISBN 978-1-4614-1092-8).

## Ph.D. Dissertation

I. Roudas, Conception optimale d'un système optique cohérent CPFSK avec récepteur différentiel, Ecole Nationale Supérieure des Télécommunications, Paris, France, Jan. 1995.

## Research grants at MSU

### **External**

- Ioannis Roudas (Principal Investigator)

Title: "Prototype quantum communication network for entanglement distribution"  
Sponsor: Air Force Research Laboratory (AFRL)  
Award FA8750-20-1-1004  
Duration: October 1, 2020 - September 30, 2024.  
Award Amount: \$12M (for MSU)  
Optical Communications Group Funding: \$2,961,600
- Ioannis Roudas (Principal Investigator with MSU and project leader)  
In collaboration with CUNY, College of Staten Island (CSI), NY

Title: "CNS Core: Small: Collaborative research: Multi-dimensional all-optical networking"  
Sponsor: National Science Foundation (NSF)  
Award #1911183  
Duration: October 1, 2019 - September 30, 2022.  
Award Amount: \$500,000 (for MSU and CUNY CSI together)  
Current MSU Funding: \$250,000
- Participants:  
Ioannis Roudas (Principal Investigator with MSU)  
In collaboration with CUNY, College of Staten Island (CSI), NY

Title: "GOALI: Collaborative Research: An Experimentally Validated Simulation Framework for Next-Generation Plastic Optical Fiber-based Systems on Airplanes"  
Sponsor: National Science Foundation (NSF)  
Award #1809043  
Duration: October 1, 2018 - September 30, 2021.  
Award Amount: \$450,000 (for CUNY CSI and MSU together)  
Current MSU Funding: \$100,000
- Participants:  
Wataru Nakagawa (Principal Investigator)  
Philip Battle (Co-Principal Investigator)  
Wm Randall Babbitt (Co-Principal Investigator)  
Phillip Himmer (Co-Principal Investigator)  
Ioannis Roudas (Co-Principal Investigator)

Title: "GOALI: Nanostructure-enabled QPM Counter-Propagating Optical Parametric Oscillator"  
Sponsor: National Science Foundation (NSF)  
Award #1710128  
Duration: August 1, 2017 - July 31, 2020  
Award Amount: \$390,000  
Current MSU Funding: \$390,000

### **Internal**

- Participants:  
Ioannis Roudas (Principal Investigator with MSU)  
Title: "Telecommunications systems laboratory"  
Program: Equipment Fee Allocation Committee (EFAC)  
Sponsor: Montana State University  
Duration: 7/19-6/20  
Award amount: \$22,270.

## Research grants at the University of Patras, Greece

### **External**

- I. Roudas (PI), “Next generation all-optical optical multiwavelength networks,” General Secretariat of Research and Technology, Greece. Duration: 11/05-12/10, Award amount: €135,000.
- I. Roudas (PI), “Novel phase-shift keying modulation formats for mitigation of transmission impairments in optical communications systems and networks,” General Secretariat of Research and Technology, Greece. Duration: 1/07-6/08, Award amount: €65,000.
- I. Roudas (co-PI), “Design of novel almost-all-optical burst and packet switching node architectures,” Department of Education, Greece. Duration: 1/05-12/06, Award amount: €55,000.

### **Internal**

- I. Roudas (PI), “Adaptive polarization mode dispersion compensation in optical communications systems and networks networks,” Fundamental Research Program C. Caratheodory, University of Patras, Greece. Duration: 1/08-12/10, Award amount: €24,000.

## Service

### **Professional Societies**

- Associate Editor, *IEEE Photonics Journal*, 2013-2019.
- TPC Chair, Optical Networks and Systems Subcommittee, *IEEE Photonics Conference*, 2017-2019.
- TPC Member, Optical Communications Subcommittee, *IEEE Photonics Conference*, 2009-2012.
- TPC Member, Coherent Optical Communication Subcommittee, *SPIE Photonics West*, 2010.
- TPC member, Optical and Broadband Communication Subcommittee, *International Conference on Communications, Circuits and Systems (ICCCAS)*, 2007.
- Reviewer for *IEEE/OSA Journal of Lightwave Technology*, *IEEE Photonics Technology Letters*, *IEEE Journal of Quantum Electronics*, *Optics Express*, *Journal of Modern Optics*, and *Optics Communications*.

### **Grant Panels**

- Reviewer, EU HORIZON 2020 FET-OPEN (June 2018)
- Reviewer, ABET, University of Nicosia, Cyprus (May 2018)
- Reviewer, National Science Foundation (February 2018)
- Reviewer, Montana NASA EPSCoR Research Initiation (December 2016)

### **University Committees**

- MSU Norm Asbjornson College of Engineering Strategic Planning Committee (Summer 2019)
- MSU ECE Strategic Planning Committee (AY 2018-2019)
- MSU ECE Promotion and Tenure Committee (AY 2018-2019)
- MSU ECE Diversity and Inclusion Committee (AY 2018-2019)
- MSU ECE Graduate Committee (AY 2016-2018)

### **Memberships**

- Member, IEEE Photonics Society
- Treasurer, IEEE Central Montana Section
