VII. Informational Items
a. Monthly President Meeting Update – Julie Clay & Whitney Hinshaw
   1. Staff return-to-campus concerns were conveyed to President Cruzado and VP Leist, as well as requests for an expanded work-from-home policy.
      • The return-to-campus policy for the Montana University System (MUS) was very specifically laid out in an email from Human Resources dated April 26, 2021 (see attached).
      • The Office of the Commissioner of Higher Education (OCHE) expects employees to return to their campus offices on July 6, as stated in the president’s email.
      • OCHE will consider an expanded work-from-home policy this fall, after everyone has returned to campus July 6.
      • With more students than ever enrolled for fall semester, MSU needs all hands on deck.
   2. HB102
      • The Board of Regents (BOR) challenged the constitutionality of this bill’s overreach, which resulted in a stay of execution. This means that the bill is not in effect until the issue is resolved.
   3. BOR Housing Task Force
• Created to look at housing costs in Bozeman using data from several groups (HR, Planning & Analysis, and others) to address the rising cost of living in the Gallatin Valley, compared to the other MUS campus locations
• Long process, but much more data-driven than previous discussions, so may ultimately result in salary increases for MUS employees living in this area

VIII. Public Comment
a. In-person, on-campus meetings will begin next month. Locations for upcoming MSUASC meetings are posted on the MSUASC website. WebEx will be available in the event it is needed. Please let Leslie or Julie know if you are unable to attend in person. It costs $30 per meeting to rent the AV equipment from the SUB so we will only rent it if needed.

IX. Meeting adjourned
Clay motioned, Lasso seconded, meeting adjourned at 9:42 a.m.

Next meeting: July 21, 2021 from 9 – 11 a.m. in person in SUB 168
Dear Faculty and Staff,

I hope this notice finds you safe and well as the end of the spring semester approaches. Commissioner Clayton Christian shared last month that across the Montana University System we anticipate a return to normal operations without restrictions in all areas by the start of the Fall 2021 semester (Commissioner message). That means employees who have continued to work remotely this year will need to transition back to work on campus. Faculty teaching in person and staff working on campus are both important to the educational environment for students and the vibrancy of our campus.

We look forward to welcoming employees still working remotely back to their office or workstation by July 6, 2021. Please begin conversation with your supervisor about this transition so that you have time to transition from a remote schedule to the office.

Requests for accommodation under the ADA granted by Human Resources to employees at high risk of contracting covid 19 will be extended through June 1, 2021. Human Resources will notify those employees and their supervisor directly about the expiration of their accommodation. Any employee who requests further accommodation should contact their supervisor and Human Resources (HRBPs or adacoordinator@montana.edu).

Safety is of the utmost importance at MSU and we will continue to follow health and safety practices on campus as directed by the Office of the Commissioner of Higher Education and guidance from our county health department.

Please direct questions to your supervisor and as always, don't hesitate to reach out to Human Resources msuhumanresources@montana.edu.

Sincerely,

Jeannette Grey Gilbert

Chief Human Resources Officer
