CONTRACTOR STAGING AREA SHALL CONSIST OF TWO PARKING SPACES.

WEST DOCK LOCATION - PALEO DOCK ENTRY

PROJECT NOTES

1. All work on this project shall comply with all local, city, state, and national codes and regulations, including but not limited to the N.F.P.A., N.E.C., I.B.C., I.M.C., U.P.C., I.E.C.C., and the local serving utility companies.

2. The work on this project shall consist of all items, articles, materials, equipment, and labor along with all incidental items required by good practice and workmanship to provide a complete and functional system.

3. Inspect the existing facilities for verification of existing conditions and systems.

4. The mechanical contractors shall be responsible for and pay for all fees and permits required for work under their contract and under their supervision by subcontract.

5. Manufacturer trade names and catalog numbers are listed to indicate special conditions and quality of materials or equipment supplied. Alternative equipment or materials may be submitted for review for approval prior to any bidding.

6. The drawings do not necessarily show the exact location of all piping and ductwork. Actual conditions and locations shall be field verified.

7. All work by the contractor is subject to review at any time by the architect/engineer.

8. All work to be performed shall first be scheduled and submitted to the owner’s representative for acceptance.

9. Smoking shall not be permitted anywhere in this facility.

10. The contractor shall be careful not to block any paths of egress while performing the work specified.

11. The contractor shall be responsible for the installation of a satisfactory and complete system in accordance with drawings. Provide, at no extra cost to the owner, all incidental items required for a complete system.
