Semester Withdrawal

If a student must withdraw from all classes after he or she has confirmed attendance or paid fees, he or she must initiate the withdrawal through the Office of the Registrar. Graduate students must initiate the withdrawal through the Graduate School.

Students who withdraw before the end of the fifteenth day of instruction will not receive grades for any registered courses. Thereafter through the last day of instruction a grade of W shall be assigned in all courses for which the student is registered unless an appeal is approved by the Dean of Students authorizes otherwise. The Dean of Students Office also indicates the official date of the university withdrawal in these instances.

Students who leave the campus without withdrawing through regular channels or who withdraw late without extraordinary reasons will receive F grades in all course work for that semester.

Student Accounts

You can confirm your bill (pay tuition & fees) online in your "MyInfo" account (Electronic Billing & Payment), or by contacting the Student Accounts office at 406-994-1991.

1. If all costs are paid by you, you can:

- Pay online view and pay your bill on-line by credit card (Visa, Master Card, American Express, or Discover), or by e-check using QuikPay. Note: there are no additional fees to pay online!

MSU Student Accounts PO Box 172640 Bozeman, MT 59717

or overnight mail (Fedex, UPS) to:

Your payment MUST be received by August 11, 2023 to avoid a late fee. DO NOT SEND CASH IN THE MAIL!

3. **If part or all of your costs are paid by other sources** (i.e. financial aid, athletics, vocational rehabilitation) and *you owe nothing* (zero), you MUST still "confirm your bill" on the Web in "MyInfo" by the deadline by the bill due date and not later than the 15th class day.

Satisfactory Academic Progress

To receive financial aid, you must meet all Satisfactory Academic Progress Policy standards. This policy is available online at <u>Financial Aid Services</u>. Communications are sent at the end of each term if standards are not achieved. Regardless, it is your responsibility to know if your academic performance meets the standards.

Change in Enrollment Status On or Before the 15th Class Day

The disbursement of your aid is contingent upon the number of credits for which you are enrolled at the time your aid is disbursed. Changes to your enrollment after the date of disbursement MAY negatively impact financial aid funds that you received. Please contact the financial office regarding enrollment changes such as drops or withdrawals. This includes retroactive drops. As financial aid becomes aware of such changes, overpayments of aid will be evaluated. Overpayments will result in a bill from the Student Accounts Office. Withdrawing after the 15th class day will not affect your aid if you actually begin and engage in the course. However, a grade of "W" carries a credit value and can have an impact on your ability to maintain Satisfactory Academic Progress.

Withdrawing from the University

If you have accepted your bill (confirmed your charges/paid fees with the Student Accounts Office) and decide to stop attending classes at MSU, you must officially withdraw from the university by contacting the Office of the Registrar (undergraduate students), or the Graduate School (graduate students). A withdrawal can occur anytime, it does not matter if it occurs before or after the 15th class day and whether you receive no grade or a grade of 'W'. For financial aid purposes, the withdrawal date will be assessed by your first date of contact to the respective offices listed above or on some documented date of academic engagement after that initial contact. If you never attend any class, make this known upon completing your semester withdrawal.

Unofficial withdrawals occur when no contact is made to the above offices and when you have received some combination of passing and non-passing grades. If you earned all non-passing grades ("F", "I", "N", "W", "NR") at the end of the semester, it will be determined that you unofficially withdrew and the amount of Title IV aid to be returned for the payment period will be calculated based on the latest date recorded as "last date of attendance" by your professor(s). If your "last date of attendance" cannot be determined, the amount of Title IV aid to be returned for the payment period will be calculated for the payment period will be calculated as if you withdrew at the 50 percent point of the semester.

Using the last date of attendance, the Office of Financial Aid Services will perform calculations to determine how much of your federal financial aid has been earned and kept and how much must be returned per federal regulation. If you received federal funds which were not earned or that you were not eligible for (no academic engagement), these federal funds will be returned to the Department of Education, and you will receive a bill from the Student Accounts Office.

If you have student loans, remember that it is your responsibility to keep the lender/loan servicer up to date regarding any changes too your address and enrollment. Changes in enrollment will initiate your loan(s) entering repayment. Future enrollment of at least half-time can put your loans back into a non-payment status.

University Charges and Financial Aid

Your university charges for the semester will be posted to your university student account maintained by the Student Accounts Office. You should receive an e-mail notification from the Student Accounts Office when your bill is processed. Financial Aid will disburse to your account once all eligibility requirements have been met. This includes most scholarships, grants, and loans. Once your bill is accepted (confirmed), financial aid will be credited to your account and applied against all allowable charges (tuition, fees, housing, etc.) Work-study funds you earn will not be reflected in your student account.

Bill Acceptance (Confirmation)/Fee Payment

University charges must be Accepted (confirmed) by the date established by the Student Accounts Office. This means that your bill must be paid in full or that arrangements have been made utilizing financial aid and a payment plan. If you do not Accept (Confirm) your Bill by the date established by the Student Accounts Office, it will be assumed you are not attending. This will result in the cancellation of your classes and financial aid. Reinstatement of classes or financial aid will be based on availability at the time reinstatement is requested.

Refund Checks

If your financial aid exceeds your university charges, the Students Accounts Office will refund (pay) the difference to you. Refunds are generated by the Student Accounts Office as soon as possible at the beginning of each semester. Refunds will be by Direct Deposit or mailed to the student if the student has not signed up for Direct Deposit. To sign up for Direct Deposit, choose Electronic Billing and Payment from your MyInfo page, and click on Quik Pay. Please contact the Student Accounts Office regarding any questions you may have about the amount of your refund or when your refund will be processed.

The Student Accounts Office will not release a refund check unless (1) all required financial aid documents and promissory loan notes are completed and returned to the Office of Financial Aid Services, and (2) you have Accepted (Confirmed) your Bill (paid fees) with the Student Accounts Office for the term.

Bobcat Bridge Loan (Short Term Loan)

No collateral is required for a Bobcat Bridge loan, although the student must identify a reliable source of repayment. In addition, a students should have a cumulative grade-point average of 2.0 or better at MSU, be enrolled for at least six credits as a degree-seeking student, and have a satisfactory repayment record with respect to any previous loan(s) received.
