

# Research Experience for Elementary Teachers

**A six-week summer program to help Montana elementary teachers bring excitement and expertise to how they teach science, technology, engineering and math in culturally responsive ways.**

- \$6,000 stipend plus expenses and classroom resources.
- Hands-on experience with energy research at MSU.
- Field trips to energy facilities and Indigenous sites.
- Indian Education for All curriculum engagement.

**June 26 — Aug. 4, 2023 | Montana State University**

Deadline for applications is Feb. 4. For more information and to apply, please visit: [www.montana.edu/ret/](http://www.montana.edu/ret/)
