PURPOSE

A booster club created to raise money and offer financial support to the MSU Rodeo Program.

VISION

- To serve the rodeo student athletes and the program by continuously providing financial support to ensure student athletes' future success.
- To aid the student athletes in the development of many important life skills through college rodeo, building a solid foundation for a successful future.
- To create funds to help operate the rodeo program, recruit athletes, and conduct ourselves in a positive manner. Also to serve as role models within the university, the community, Montana, and the rodeo world.
- To win. We intend to secure championships and be the dominant force in the Big Sky Region. Our overall goal is to consistently send teams to the CNFR and compete for individual and team national titles.

OBJECTIVE

The funds provided by the C.R.S.A are intended to supplement the financial needs of the MSU Rodeo Program. The C.R.S.A ensures that the program has sufficient funds to provide a quality college rodeo program for our student athletes. The funds will be allocated at the discretion of the C.R.S.A Board and the Head Rodeo Coach.

Chute Boss Club

The Chute Boss Club was established for the sole purpose of enhancing the Montana State University Rodeo Program through the use of funds contributed annually to the Chute Boss Club by its members. Donations will be 100% tax deductible each year.

Each member of the Chute Boss Club will be entitled to special and exclusive contact and communication with the Head Coach of the MSU Rodeo Team and other aspects of the MSU Rodeo Program.

How do we use your contribution?

- Provide scholarships for rodeo program members
- Pay for books and fees for college student athletes
- Defray costs of travel, feed, and boarding of animals
- Cover rent for the practice facilities
- Cover cost of leasing practice stock
- Help the MSU Rodeo Program recruit the best possible athletes
