#### Goals:

- ⇒ Nudge healthier choices by students in the lunchroom.
- ⇒ Increase intake of fruits and vegetables while decreasing food waste .
- ⇒ Engage students in the school meals programs.

#### Action:

- ⇒ Created a restaurant-style salad bar to offer more fruit and vegetable choices.
- ⇒ Created a smoothie bar featuring a variety of flavors and a reimbursable meal option. Catchy and appealing smoothie flavors/names attract student's attention.
- ⇒ Created eye-appealing décor along the serving line.
- ⇒ Redesigned the lunchroom room for a more efficient flow pattern. Created a faster service line in a separate corner of the cafeteria and moved the custom sandwich cart to improve access.
- ⇒ Formed a School Lunch Action Committee (several students, school food service staff, and Family Consumer Science teachers) who made recommendations, provided essential feedback, and suggestions for the lunchroom.

#### Results:

- ⇒ Number of students using the salad bar increased by 16 percent.
- ⇒ Smoothie bar provides a refreshing menu choice to 50+ students daily.
- $\Rightarrow$  Smarter Lunchrooms Self-Assessment Score increased by six points.

## **Next Steps:**

- ⇒ Use a share table to decrease waste of whole fruits and unopened milk cartons
- ⇒ Conduct a student satisfaction survey on the school lunch program.
- ⇒ Improve lunchroom atmosphere by repainting the dining/commons area and display student artwork.
- ⇒ Expand Smarter Lunchrooms strategies to other schools in the district.
