149	44	<i>Loan Re-Payment</i>	<i>Advisors Only</i>		<i>Loan Re-Payment</i>
321	20	<i>MDPhD</i>	<i>Diversity</i>	<i>MDPhD</i>	<i>Diversity</i>
137	122	<i>Personal Statements</i>	<i>Residency</i>	<i>Personal Statements</i>	<i>Residency</i>
153	48		<i>TRUST</i>	<i>TRUST</i>	
165	156			<i>Pre-Med Adv</i>	<i>Pre-Med Adv</i>

## PRE-MED SUMMIT BREAKOUT SESSIONS

### U.S. Navy, CPO Shawn McDonough

An opportunity to speak with a representative from the Navy, this session is available to help answer questions you might have about a possible military option for medical school. **This session is offered in Session 3 in Room 331.**

### U.S. Army, SFC Kelly Heltzel

An opportunity to speak with a representative from the Army, this session is available to help answer questions you might have about a possible military option for medical school. **This session is offered in Session 2 in Room 331.**

### TRUST, Jay Erickson, MD

The Targeted Rural and Underserved Track (TRUST) currently is available to up to twelve MT WWAMI entering students each year who are selected through the same WWAMI application and interview process. TRUST seeks to provide a continuous connection between underserved communities, medical education, and health professionals in our region. This session will explain the TRUST program in detail and hopefully answer any questions you might have about it. **This session is offered in Sessions 2 and 3 in Room 153.**

### Loan Repayment Programs: NHSC/SLRP/MRPIP, Brandy Kincheloe & Lisa Benzel

Participants will learn about options for helping to finance medical school through the National Health Service Corps programs – Scholar, Loan Repayment and Student to Service. The Montana Rural Physician Incentive Program (MRPIP) will also be covered as another option available to future Montana practitioners. Q & A for individual questions. **This session is offered in Sessions 1 and 4 in Room 149.**

### Diversity in Medicine, Danielle Ishem, Director of Workforce Development (CEDI), UWSOM

Learn about diversity initiatives in the UW School of Medicine and find out about enrichment programs, including the Summer Health Professions Education Program (SHPEP), which helps prepare freshmen and sophomores from underrepresented and/or disadvantaged backgrounds for a career in the health professions. **This session is offered in Sessions 2 and 4 in Room 321.**

### MD PhD Program, Martin Teintze, PhD, MSU

This session will cover some of the following along with questions you may have:

- How are MD/PhD programs structured?
- Describe the typical curriculum of an MD/PhD student, using the UW program as an example (with handout).
- How does the admissions process differ, and what does it take to get admitted into an MD/PhD program?
- What are the financial implications of doing an MD/PhD vs. MD?
- What are the career options and typical choices of MD/PhD graduates?
- Compare programs at other schools (e.g. Oregon, Colorado); describe MSTP programs.

**This session is offered in Sessions 1 and 3 in Room 321.**

### Mock Admissions Committee Meeting (For Advisors Only)

This session is for **Advisors only** and will span two breakout sessions. Advisors will have a chance to go over the UWSOM application and discuss with the Admissions Director and members of the MT Admissions Committee. **This is a two-part session for Advisors Only in Session 2 and during lunch in room Room 149.**

### Pre-Med Research Experience, Sheila Nielsen, PhD & Stephen Lodmell, PhD

Research teaches critical thinking and problem solving, two important skills that physicians need. Research is also a way to demonstrate the ability to work independently and to polish verbal and written presentation skills. This session will outline the different types of research (i.e. bench science vs. clinical studies) and recommend a few strategies for how to become involved in the research enterprise. **This session is offered in Session 1 in Room 331.**

### Residency Years

Interested participants can learn about what to expect during residency years after medical school. There will be information on the main specialty areas, length of residency, expectations of residents, work hours rules, and time for question and answer. **This session is offered in Sessions 2 and 4 in Room 137.**

### Creating Your Personal Statement, Michael Geurin, MD FAAFP

Join Dr. Geurin for tips on how to make your personal statement great. He will share his presentation and expertise with tools for planning, drafting and revising an effective personal statement. **This session is offered in Session 1 and 3 in Room 137.**

### Pre-Med Advising /WICHE/General Application Advice

Several medical schools participate in the WICHE program for MT residents. We will discuss what that means for you as an applicant, and how to make sure you complete the process for consideration. An overview of the timeline and process for application to medical school will be presented. Intended for students with no or limited access to Pre-medical Advising on their campuses, this breakout session will be a group advising session for students. The basic elements of a successful applicant packet, how to present yourself in written documents, and a small glimpse into the world of an admissions committee member will be covered. Please bring your questions. **This session is offered in Sessions 3 and 4 in Room 165.**
