TEST INSTRUCTIONS (PLEASE READ CAREFULLY!)
A Fire Fighter 1 Candidate has an **18 month period** to complete this test. Once the FSTS administered portion of the test has begun, it must be completed **within 9 months**. This period begins with the first test date entered and ends with the last test date a skill was demonstrated and recorded. **Notification:**
When testing is planned or scheduled, contact your local FSTS Field Trainer and give notice of the dates, times, and location of the testing. Occasionally, the FSTS Field Trainer is required to observe local testing to ensure compliance with accreditation and certification rules. Reference materials from any source may be used by the Candidate to complete the locally administered, open resource portions of the testing process. **All answers and signatures in this test booklet must be hand written.**
The (FSTS) Fire Fighter 1 Coaching Package is a vital training tool for instructors teaching the tactical skills listed inside the rear cover. Other resources are listed after some test elements and are available from the FSTS Resource Center.

The Chief Officer (CEO) of your Fire Service Organization **must** sign off in the signature block under "Fitness Requirements" and “Facilities and Equipment Compliance” **before any testing begins.** An FSTS authorized test administrator, a certified instructor or Chief Officer of the Department who has a Proctor's Affidavit on file with the FSTS must sign off each signature block and enter the date after witnessing your completion of each element. Every signature block must be signed and dated. The individual who conducts the test for an element and signs off a block, must be someone other than the instructor the Candidate was trained and learned the skill from. Original signatures are required. The reference source cited after each element is the authoritative source for satisfactory performance.
Safety - All of the performance elements/objectives shall be performed swiftly, safely, and with competence. Each element/objective shall be demonstrated in its entirety.

**Fitness Requirements**
The signature of the Chief of the Fire Service Organization is evidence to FSTS that the candidate has met local requirements with regard to good physical and mental condition and has a background indicating good moral character. The local chief should ensure that the candidate has an appropriate background and physical and mental condition prior to beginning this test. NFPA 1582 (*Medical Requirements for Fire Fighters*) is recommended for use by local authorities in assessing the physical and medical evaluation of candidates.

---

**Chief Officer’s Signature**

---

**Date**

---

**Facilities, Equipment and NFPA 1403 Compliance:**
The signature of the chief of the Fire Service Organization is evidence to FSTS that the facilities and equipment used for testing are in compliance with applicable NFPA Standards and NFPA 1403 Standard on Live Fire Training Evolutions is followed.

---

**Chief Officer’s Signature**

---

**Date**

---

**Signature Verification:**
For the purpose of signature verification to sign off in this test booklet I certify my signature as:

**Signed:**

---

**Printed Name:**

---
If you have questions, contact the FSTS at (406) 761-7885 during office hours, or any of the following representatives:

Troy Petersen   (406) 836-0086   Great Falls
Terry Larson   (406) 868-0655   Billings
Jerry Prete    (406) 461-2274   Miles City
Craig Jeppson  (406) 498-5444   Dillon
Jessica Kinzer (406) 249-5590   Kalispell
Rick Paulsen   (406) 381-2390   Missoula
Brandon Brunelle (406) 230-2472   Glasgow
John Culbertson (406) 771-4328   FSTS Office - Great Falls

**Upon Completion of this Test Documentation Booklet, make a copy for your records, then give to an FSTS Staff Member OR send to FSTS via certified mail. FSTS Address:** MSU Fire Services Training School - Certification Program, 409 14th Street SW–Ste 1, Great Falls, Montana 59404.

Duration of Certification:

Accredited certifications issued by the Montana Fire Services Training School do not have an expiration date. However, for purposes of progression within the FSTS certification system, a certification is recognized for five years from the test completion date. The policy regarding this is part of the Montana Fire Service Professional Qualifications Certification System, which is adopted by the Fire Services Training School Advisory Council. The policy is shown below.

**304 Duration of Certification**

304.1 Certifications issued under this system are recognized for purposes of progression within the system from the test completion date to the date a revised testing process is implemented by FSTS, however, certification will be recognized for progression purposes for a minimum of 5 years from its date of issuance.

304.2 Individuals with certifications which have lapsed under 304.1, are treated as new to the level or system and must be re-tested to the current standard for a given level.
Definitions and Acronyms - The following definitions and acronyms for the terms indicated are intended for use with the Certification Program.

Approved - Acceptable to the FSTS or their authorized representative.

Authority having jurisdiction - Fire Services Training School (FSTS).

Candidate - The person who has made application for certification.

Define - To describe the basic qualities and principles.

Demonstrate - To show by actual use or simulation.

EAP - Employee Assistance Program

Fire company - Subpart of FSO to which an individual is assigned.

Fire department - An agency of government charged with primary fire protection responsibility within a city, county, reservation or district.

FSO - Fire service organization.

FSTS Website – http://www.montana.edu/wwwfire

Element – A single item, task or tactic that is tested under this program.

Identify - To physically select, indicate, or explain verbally or in writing, using standard terms recognized by the fire service.

IMS - Incident Management System

May - The term is used to state a permissive use or an alternative method to a specified requirement.

Objective - A goal that is achieved through the attainment of a skill, knowledge, or both, which can be observed or measured.

Qualified - Having satisfactorily completed the requirements of the objectives.

PAR - Personnel Accountability Report

PASS - Personal Alert Safety System

Safely - To perform the objective without unreasonable risk or injury to self, others, apparatus or equipment.

Shall - The term indicates a mandatory requirement.

Swiftly - The time, as determined by the qualified evaluator or FSTS that it takes to perform the element satisfactorily.

Technique - The systematic procedure by which a task is accomplished.

With competence - Possessing the knowledge, skill, and judgment needed to perform indicated objectives satisfactorily.
4.1 General.

Describe the organization of the fire department.
Candidate will provide a written narrative describing the operations and administrative staffing and duties of their Fire Service Organization (FSO).* Resource: Your FSO Leadership

___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________

Signed ___________________________________________________ Date: ____/_____/_____
Describe the responsibilities of a fire fighter as required by NFPA 1500, *Standard on Fire Department Occupational Safety and Health Program*, and adopted by the Candidate's FSO. Candidate has been provided with a written copy of the FSO's responsibilities of fire fighters as required by NFPA 1500 and will provide a written narrative describing those responsibilities. (Resource: NFPA 1500, *Standard on Fire Department Occupational Safety and Health Program*, and leadership or procedures of FSO; 7th Ed. IFSTA ESSENTIALS of FF, p. 29 ; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 40-42)

Locate information in departmental documents and standard or code material.

Candidate has demonstrated locating information in departmental documents and standards or code materials.

4.2 Fire Department Communications.

4.2.1 Initiate the response to a reported emergency, given the report of an emergency, fire department standard operating procedures, and communications equipment, so that all necessary information is obtained, communications equipment is operated correctly, and the information is promptly and accurately relayed to the dispatch center. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 58-63 ; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p.145, FSTS Skills Testing Guide 4 )

Candidate has initiated the response to a reported emergency.

4.2.2 Receive a telephone call, given a fire department business phone, so that procedures for answering the phone are used and the caller's information is relayed. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 58-63 ; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 145, FSTS Skills Testing Guide 5 )

Candidate has demonstrated receiving a business telephone call.
4.3 Fireground Operations.

4.3.3 Establish and operate in work areas at emergency scenes, given protective equipment, traffic and scene control devices, structure fire and roadway emergency scenes, traffic hazards and downed electrical wires, photovoltaic power systems, battery storage systems, an assignment, and SOPs, so that procedures are followed, protective equipment is worn, protected work areas are established as directed using traffic and scene control devices, and the fire fighter performs assigned tasks only in established, protected work areas. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 38-40; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 59, FSTS Skills Testing Guide 38)

Signed___________________________________________________ Date: ___/___/____

4.3.7 Attack a passenger vehicle fire operating as a member of a team, given PPE, an attack line, and hand tools, so that hazards are avoided, leaking flammable liquids are identified and controlled, protection from flash fires is maintained, all vehicle compartments are overhauled, and the fire is extinguished. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 696-704; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 684, 686-687, FSTS Vehicle Fire Tactic)

Signed___________________________________________________ Date: ___/___/____

4.3.8 Extinguish fires in exterior Class A materials, given fires in stacks or piles, small unattached structures or storage containers that can be fought from the exterior, attack lines, hand tools and master stream devices, and an assignment, so that exposures are protected, the spread of fire is stopped, collapse hazards are avoided, water application is effective, the fire is extinguished, and signs of the origin area(s) and arson are preserved. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 704-706; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 674, FSTS Skills Testing Guide 37)

Signed___________________________________________________ Date: ___/___/____

4.3.10 Attack an interior structure fire operating as a member of a team, given an attack line, ladders when needed, personal protective equipment, tools, and an assignment, so that team integrity is maintained, the attack line is deployed for advancement, ladders are correctly placed when used, access is gained into the fire area, effective water application practices are used, the fire is approached correctly, attack techniques facilitate suppression given the level of the fire, hidden fires are located and controlled, the correct body posture is maintained, hazards are recognized and managed, and the fire is brought under control. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 720-725; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 654-662, FSTS Live Fire Incident Operations Tactic)

Signed___________________________________________________ Date: ___/___/____
Explain potential long-term consequences of exposure to products of combustion. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 32; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 44-45)

_________________________________________ Date: ____/____/____

Describe the states of matter in which fuels are commonly found. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 1052-1058; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 1109)

_________________________________________ Date: ____/____/____

List the common types of fireground accidents or injuries and their causes. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 30-31; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 39-42)

_________________________________________ Date: ____/____/____
4.3.11 Perform horizontal ventilation on a structure operating as part of a team, given an assignment, PPE, ventilation tools, equipment, and ladders, so that the ventilation openings are free of obstructions, tools are used as designed, ladders are correctly placed, ventilation devices are correctly placed, and the structure is cleared of smoke.

**Describe the principles, advantages, limitations, and effects of horizontal, mechanical, and hydraulic ventilation.** (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 506-513; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p.486-495)

Signed _______________________________ Date: ____/_____/_____

**Describe the products of combustion found in structure fires.** (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 124-126 ; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 82-83, 162-163)

Signed _______________________________ Date: ____/_____/_____
Describe the signs, causes, effects, and prevention of backdrafts. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 156-157; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 174-175, 181)

4.3.13 Overhaul a fire scene, given PPE, an attack line, hand tools, a flashlight, and an assignment, so that structural integrity is not compromised, all hidden fires are discovered, fire cause evidence is preserved, and the fire is extinguished. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 740-746; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p.753-762, FSTS Skills Testing Guide 25)

Signed___________________________________________________ Date: ____/_____/_____
4.3.14 Conserve property as a member of a team, given salvage tools and equipment and an assignment, so that the building and its contents are protected from further damage. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 746-763 ; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 734-753, )
FSTS Skills Testing Guide 21, 22, 23, 24, 26)

Signed___________________________________________________ Date: ____/_____/_____

4.3.15 Connect a fire department pumper to a water supply as a member of a team, given supply or intake hose, hose tools, and a fire hydrant or static water source, so that connections are tight and water flow is unobstructed.  (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 587-594 ; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 526-538, FSTS Skills Testing Guide 29, 30 )

Signed___________________________________________________ Date: ____/_____/_____

4.3.16 Extinguish incipient Class A, Class B, and Class C fires, given a selection of portable fire extinguishers, so that the correct extinguisher is chosen, the fire is completely extinguished, and correct extinguisher-handling techniques are followed. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 254-258 ; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 231-260, FSTS Skills Testing Guide 32)

Signed___________________________________________________ Date: ____/_____/_____

4.3.17 Operate emergency scene lighting, given fire service lighting equipment, power supply and an assignment, so that emergency scene lighting equipment is operated within the manufacturer's listed safety precautions. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 41-42 ; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 731-734, FSTS Skills Testing Guide 33)

Signed___________________________________________________ Date: ____/_____/_____

4.3.19 Combat a ground cover fire operating as a member of a team, given protective clothing, SCBA if needed, hose lines, extinguishers or hand tools, and an assignment, so that threats to property are reported, threats to personal safety are recognized, retreat is quickly accomplished when warranted, and the assignment is completed.  (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 707-717 ; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p. 788-796, FSTS Skills Testing Guide 34)

Signed___________________________________________________ Date: ____/_____/_____
4.3.20 Tie a knot appropriate for hoisting tools, given PPE, tools, ropes, and an assignment, so that the knots used are appropriate for hoisting tools securely and as directed.

Explain the primary usage of each of the following:

1) bowline ________________________________________________________________

2) clove hitch ____________________________________________________________

3) figure eight on a bight __________________________________________________

4) half hitch ____________________________________________________________

5) becket or sheet bend __________________________________________________

6) safety knot __________________________________________________________

Given each of the following situations, describe the types of knots to use:

Hoist a 14’ roof ladder to a third floor roof:

______________________________________________________________________

To hoist a Pike Pole to a roof: _____________________________________________

Signed ____________________________________________________ Date: __/_____/_____

**Distinguish between life safety and utility ropes.**

Candidate will provide a written narrative explaining the characteristics and uses of life safety and utility ropes. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p. 277-311; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p.295-295-300)

______________________________________________________________________

______________________________________________________________________

______________________________________________________________________

______________________________________________________________________

______________________________________________________________________

Signed ____________________________________________________ Date: __/_____/_____
Candidate will provide a written explanation of the reasons for placing a rope out of service. (Resource: 7th Ed. IFSTA ESSENTIALS of FF, p.282-283; NFPA/IAFC FUNDAMENTALS OF FIRE FIGHTER SKILLS, 4th Ed. p.301-304)

Given the proper size and amount of rope the Candidate has demonstrated each of the following:

**Bowline:**
Signed ___________________________ Date: __/____/______

**Clove hitch:**
Signed ___________________________ Date: __/____/______

**Figure of Eight on the Bight:**
Signed ___________________________ Date: __/____/______

**Becket or Sheet Bend:**
Signed ___________________________ Date: __/____/______

**Safety Knot:**
Signed ___________________________ Date: __/____/______

Candidate has demonstrated tying approved knot and hoisting tool at least 10 feet.

Signed ___________________________ Date: __/____/______

Candidate has demonstrated using a rope to tie ladders, hose and other objects to secure them.

Signed ___________________________ Date: __/____/______
4.5 Preparedness and Maintenance

4.5.1 Clean and check ladders, ventilation equipment, self-contained breathing apparatus (SCBA), ropes, salvage equipment, and hand tools, given cleaning tools, cleaning supplies, and an assignment, so that equipment is clean and maintained according to manufacturer's or departmental guidelines, maintenance is recorded, and equipment is placed in a ready state or reported otherwise.

Signed___________________________________________________ Date: ____/_____/_____

4.5.2 Clean, inspect, and return fire hose to service, given washing equipment, water, detergent, tools, and replacement gaskets, so that damage is noted and corrected, the hose is clean, and the equipment is placed in a ready state for service.

Signed___________________________________________________ Date: ____/_____/______

FSTS Tested Portion - Fire Fighter I Tactics

This page provides documentation for completion of the tactics required for Fire Fighter 1 certification. **Each Tactic must be signed off by a representative of the FSTS.** Other signatures will not be accepted on this page. Bring this Booklet with you when testing and be sure to have the appropriate sections completed by the evaluators **before** they leave the test site.

PASS Activation
- Candidate has demonstrated the ability to activate PASS device, using only 1 hand to access and activate it and with obscured vision. Candidate must do so lying on their front and back, and demonstrate both activating and deactivating the device.

Evaluator____________________ Date____________________

Mayday Radio Traffic
- Candidate must demonstrate the ability to transmit mayday radio traffic in an emergency given a portable radio in full PPE and SCBA. Candidate must include who, what happened, where, and current air supply in the radio transmission. Candidate must demonstrate ability to cancel PASS alarm during the radio transmission. Candidate must utilize proper communication technique (closed loop). Candidate must perform skill lying on the floor with obscured vision.

Evaluator____________________ Date____________________
