TEST INSTRUCTIONS  (PLEASE READ CAREFULLY)

Current certification at the Instructor I level is prerequisite for the Instructor II candidate. The candidate has a 12 month period to complete this test. This period begins with the first, and ends with the last date a skill was demonstrated and recorded. All responses in this test booklet must be hand written by the candidate.

The Chief Officer of your Fire Service Organization must sign off in the signature block under “Fitness Requirements” before any testing begins. A FSTS authorized test administrator or a FSTS staff member must sign off each block and enter the date tested. Every block must be signed and dated. When testing is planned or scheduled, contact your local FSTS field trainer and give notice of the dates, times, and location of the testing. Occasionally, the FSTS field trainers is required to observe local testing to ensure compliance with accreditation and certification rules.

The reference sources for this test are:

Duration of Certification:
Accredited certifications issued by the Montana Fire Services Training School do not have an expiration date. However, for purposes of progression within the FSTS certification system, a certification is recognized for five years from the test completion date. The policy regarding this is part of the Montana Fire Service Professional Qualifications Certification System, which is adopted by the Fire Services Training School Advisory Council. The policy is shown below.

304 Duration of Certification

304.1 Certifications issued under this system are recognized for purposes of progression within the system from the test completion date to the date a revised testing process is implemented by FSTS, however, certification will be recognized for progression purposes for a minimum of 5 years from its date of issuance.

304.2 Individuals with certifications which have lapsed under 304.1, are treated as new to the level or system and must be re-tested to the current standard for a given level.
